Tooting our horn since 2002!

Welcome to Green Bay's 17th Annual Titletown Train Show!

Thank you for joining us today... A world of all things **TRAINS** is here to experience! Help us remember the glamorous train travel of yesteryear and take note of the importance modern freight railroads have in today's society... it's not limited to just when you get "stuck" at a crossing!

Please make sure to see all of the great vendors, exhibits, and displays in every corner of the show floor... If you have a **question**, our hobby enthusiasts in every booth will be more than happy to help.

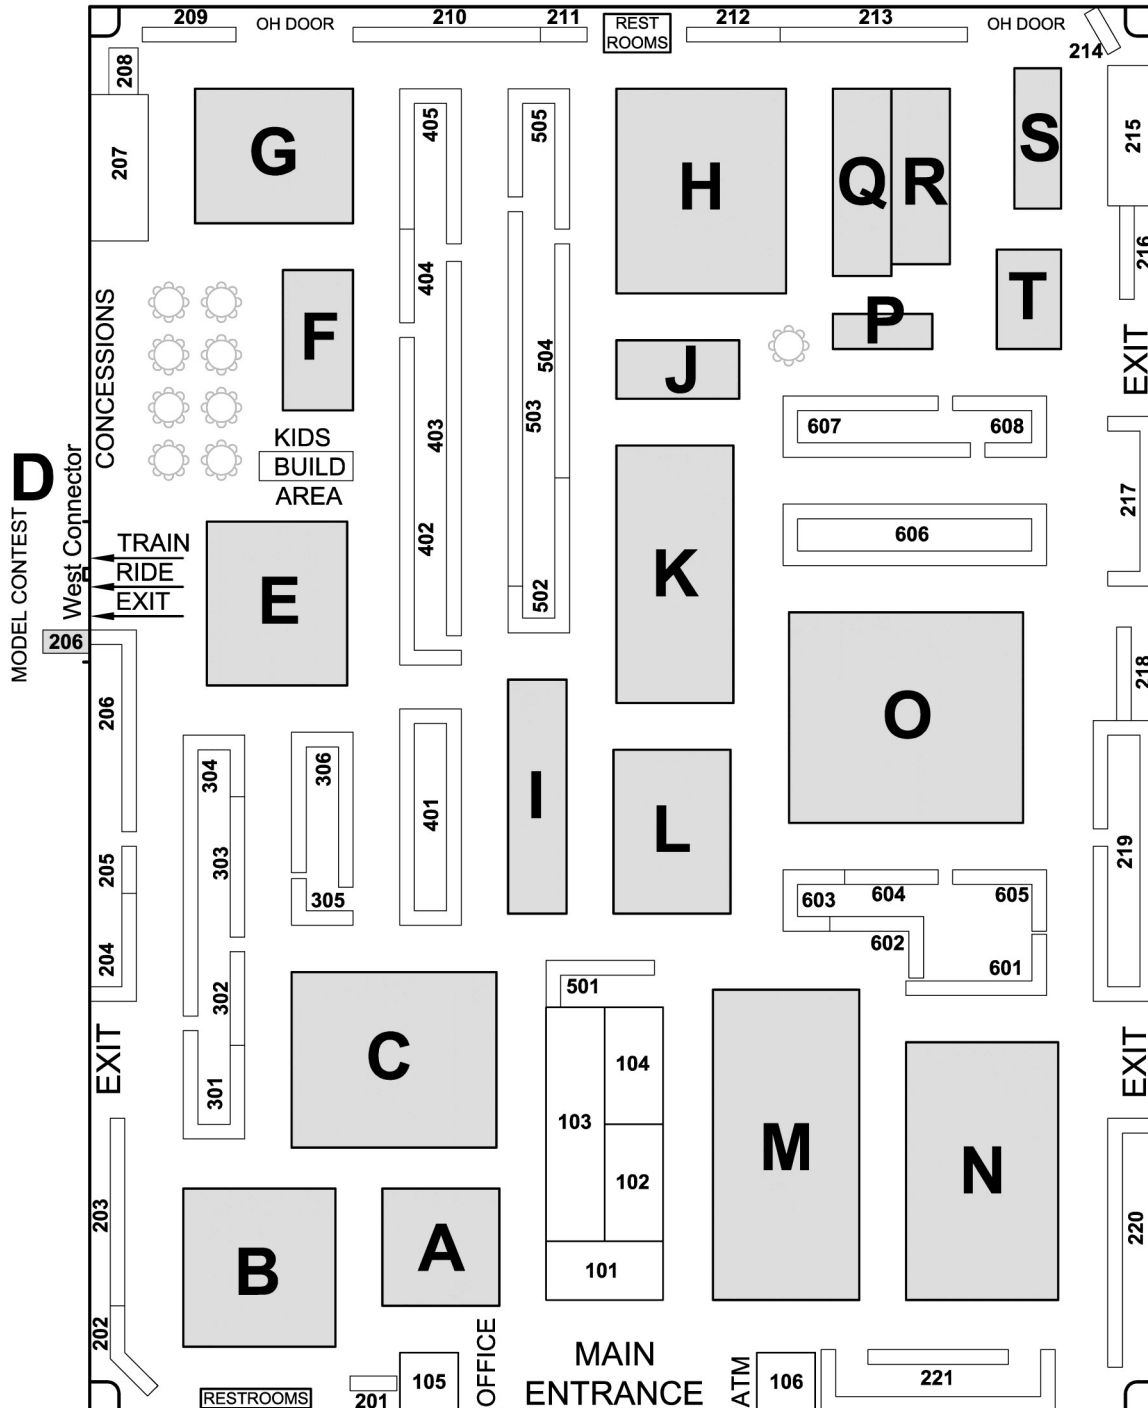

Enjoy a **FREE ride-on train** (weather permitting), located in the West (Arena) Connector. **KIDS:** enjoy building your own railroad and LEGO empires in the activity area near the concessions area!

Hourly door prizes given away... listen for a match to your ticket stub number (*must be present to win*). Sign up for a chance to **WIN a complete starter train set!** Fill out the entry slips near the **Main Entrance** (*need not be present to win*).

Last but not least, purchase a raffle ticket to **WIN a complete HO-scale layout** at the Green Bay Area Model Railroaders' Club booth #206!

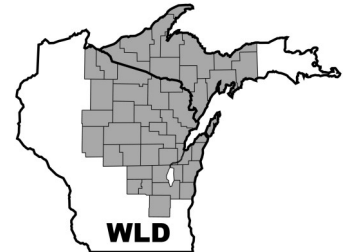

Thank you for coming!!

See index of Vendors and Exhibitors on reverse side.

Don't forget to register near the Show Office and Main Entrance, for a chance to win a complete starter TRAIN SET given away at the end of the weekend! (Need not be present to win.)

Learn all about the hobby at Booth #101!
